

Wairarapa College

Newsletter Volume 7 , November 16, 2018

Dear Parents/caregivers/Friends of the College

The last few weeks have been very busy here for us at WaiCol. We have had some wonderful opportunities to celebrate the successes of our students. The senior prizegiving was a truly memorable experience, it is always a wonderful occasion, however, this year I believe that the student performances and the calibre of student achievements were really remarkable.

I would like to acknowledge parents and members of the community who made the time to attend the night. I know from their comments that they all enjoyed the experience hugely. These are the times when we do pause as a school to reflect on our successes and celebrate our young people.

I would also like to acknowledge the hard work of Jo Bisset, the Assistant Principal who organises prizegiving and her team as well as Mrs Belinda Carey and her team for the superb celebration that they provided. One of the things that was remarked upon repeatedly was the increasing diversity of not only our students but also of our celebration of their culture and of who they are and the wealth they bring to the school. We are very lucky, as a school, to be able to tap into different communities, ethnicities and cultures and I believe it adds variety and richness to our culture as a school.

At the moment it is a busy time for us as we move forward in planning for 2019. We are very busy preparing to welcome our new Year 9's to the school. I would like to welcome our Year 8 parents to our newsletter as well, we look forward to welcoming your young people to WaiCol next year. I would like to invite you to consider some of the opportunities that we offer in particular to Year 9 with respect to the Digital Learning core class, Whātonga group class, WaiCol on Stage. If you would like to enquire about any of these opportunities, please contact Mr Aaron Perkins through our head office.

Currently our Year 9 and 10 students are sitting their end of year exams. This can be quite a difficult process for young people as it does require that they sit and work quietly for two hours in classrooms. However, it is important that our students reflect on their learning through the year and also experience what it is like to be in an exam situation. NCEA still requires externals at the end of the year in an examination type setting so it is useful for our students to have these experiences. I hope that you have been able to support your young person in revising for these exams, they're important for not only reflecting on the year's learning but also for Year 10's who are looking to meet pre-requisites for entry into Year 11 courses. We place high value on preparation for these and I urge you to discuss your child's results with them and consider how they can improve on those for next year.

One of the things we are currently doing is reviewing our reporting systems for 2019. As you know, this year we have been trialling a number of different approaches to reporting to parents. Although reporting to parents in writing is one way we can communicate information, there are many and varied other ways in which we can meet our obligations with regards to reporting.

We have tried to increase the amount of face to face time with our parents this year through our whanau meetings, I have had a great deal of positive feedback about this. We continue to do the things that we know work well such as subject teacher/parent interviews. We have also been trialling the fortnightly engagement reporting for Years 9 and 10. In addition to those, two of our departments, the English and Physical Education department have been trialling what we refer to as assessment-based reporting in terms three and four. This reporting occurs after an assessment has been marked and moderated so that feedback to the young person and you as a parent is timely. It is brief feedback, however, it allows parents and students to work together to address any improvements required for further assessments.

It is my belief that one of the most important requirements for reporting to parents is that there is an aspect of timeliness to it. We will be considering in the next week or so whether it is appropriate for us as a school to be focusing simply on reports that come out mid-year and end of year. We feel that it is important for us to engage with you as parents and as partners with us and your young person to improve their learning. It is important therefore that any reporting allows you to respond as a parent in a fashion that allows you to engage with that process. I would like to acknowledge and thank the parents who have taken the time to answer our survey. It is important for us to gain feedback that allows us to involve you in that decision making. At the beginning of 2019 we will publish a reporting framework, so you will know what to expect and when to expect it.

At this stage of the year, I would like to acknowledge the hard work of our current Board. They truly are a remarkable group of people and they are putting a lot of their personal time into meetings and structures to begin working with the school and moving it forward in the most positive way. I believe we are very lucky as a school and as a community to have a group of people who are so committed and who also have the skills and the abilities necessary at this stage for moving the school in a positive direction. I would just like pay tribute to their hard work, in particular Maria McKenzie who, as Board Chair, is providing strong and effective leadership to our Board.

I would also like to acknowledge Rosa Day, our student trustee. It is very pleasing to see that Rosa has been re-elected as Student Trustee for 2019 as well. This will allow her to build on the excellent learning that she has done in her role this year. I am very pleased to be able to work with Rosa again, I think she provides excellent leadership for our students.

On the topic of leadership, I'd also like to acknowledge our Head Students for 2018; Lizzie, Mikael, Dylan and Izzy. Thank you for all your hard work in leading our students this year, you've been a superb group of young people to work with and I wish you and all of our Year 13's all the very best for your future.

- Shelley Power, Principal

Congratulations to the following students for gaining university scholarships!

Victoria University

Jean	Campbell	Award Accepted	Tangiwai
Sophie	Hill-Tatham	Award Accepted	Tangiwai
Sarah	McGruddy	Selected For Award	Tangiwai Declined Going to Otago
Alanah	Molina	Selected For Award	Tangiwai Declined Has an intership
Phoenix	Turner	Award Accepted	Totoweka

Tangiwai Award for Excellence and the Totoweka is for Support and Equity

Massey University

Charlotte Hamill-Harris - Massey University Vice Chancellor's High Achiever with Distinction Scholarship

Otago University

Leaders of Tomorrow Entrance Scholarship	Olivia Gardiner
Leaders of Tomorrow Entrance Scholarship	Taylah John
Leaders of Tomorrow Entrance Scholarship	Dylan Major
Leaders of Tomorrow Entrance Scholarship	Isabella McCormick
New Frontiers Entrance Scholarship	Sarah Hull
New Frontiers Entrance Scholarship	Sarah McGruddy
Pacific Peoples' Entrance Scholarship	Pele Malatai

Canterbury University

Alex Hare *Student in 2017*

Go Canterbury Scholarship

For academic achievement at secondary school and potential. Scholarship goes towards accommodation costs, in conjunction with personal and professional development workshops, and outdoor recreation opportunities.

Jonty Tomlinson

Wairarapa Takahē UC Engineering Scholarship

For academic achievement, involvement in community, cultural and/or sporting activities and commitment to Civil or Natural Resources Engineering.

Mathematics SUCCESS

Education Perfect:

Eighteen Year 9 students gained awards in the Education Perfect Maths Competition – an online programme of work that requires lots of dedication and personal drive. Stand outs were Marcin Bednarek and Regan McArley who gained Emerald Awards, placing them in the top 1% of the 60,000 competitors from around the world. Maia Adams, Bailey Crellin and William Larkin gained Silver Awards, placing them in the top 5% of competitors. Congratulations! Relative to the number of students entered, Wairarapa College ranked 2nd in NZ and 11th worldwide – quite an achievement!

Matharapa:

Mid last Term Wairarapa College hosted the annual Wairarapa Maths Association MATHARAPA competition where schools – primary, intermediate & secondary – from all over the Wairarapa region come together to compete in their various age groups. There are many sponsors who support every year: the District Councils, WBS, WestPac bank, lots of Rotary, Lions & Lioness clubs, Hansell's, Casio, various pub charities and the Ministry of Education.

Wairarapa College entered twelve (12) teams at Year 9 and from the over 110 students competing our students won various Rounds' points but were not placed overall. We also entered eight (8) teams at Year 10 and from the over 100 students competing one of our teams emerged as overall WINNERS. Congratulations to Kasey Cox, Sam Fletcher and James Moore.

Junior Mathematics competition:

A huge CONGRATULATIONS to the 37 students who "dared to succeed" back in April by trying the Otago University Junior Mathematics competition organized by Miss Hardman.

Participation certificates have been issued to many students but we must acknowledge two tremendous performances - gaining a Merit at Year 9 level was William Horsbrugh. Well done. And an outstanding performance from Kasey Cox, Year 10, saw him finish in the Top 200 of his entire cohort – fantastic work!

Australian Mathematics competition:

Back in August, Wairarapa College had 49 students, from Year 9 through to Year 13, attempt the annual Australian Maths Competition. Again, our thanks must go to Miss Hardman who co-ordinated all the entries and organised the sitting of the papers. This is a multi-choice test sat by over 100,000 students from across Australia and the Asia-Pacific region.

Thirty (30) students gained a Proficiency grade and eleven (11) earned a Credit grade – well done. Our top achievers gained a Distinction grade and they are Adam Boyles and Aya Chanas (both Year 9) along with James Moore and Kasey Cox (both Year 10). Our "Best in School" winner this year is Grace Hancox, Year 11, who also gained a Distinction award. Congratulations, everyone !!

- Mike van Woerkom,
Head of Mathematics

Mentoring and Support for Gifted and Talented Students through the Gifted and Talented Ako Group

***'A thriving, student centred learning environment, educating students for their future'
The Aspiration to Establish the Gifted and Talented Ako Group***

Wairarapa College established Kaiarahi Akoranga (Academic Mentoring) for all students in 2018. Many parents have appreciated the opportunity to meet with their child and their Ako teacher to discuss the student's progress and how we can assist in the learning partnership.

The Gifted and Talented Ako Group will be established to be a way of helping to meet the diverse and varied needs of identified gifted and talented students at Wairarapa College and to provide mentoring and support for these students.

The Ako Group will be open to students from years 9-13 in 2019 and will involve sessions of 45 minutes per fortnight. There will also be several whānau meetings with family and the student to discuss their progress and achievement of goals, as per the current Ako system. Numbers will match the current Ako Group size, so will be capped at around 22 students.

Aims, goals, benefits of the Gifted and Talented Ako Group

1. To provide a safe environment of like-minded peers for identified gifted and talented students.
2. To meet with families and students to discuss progress and ways that we can assist the students to meet their full potential and achieve their goals.
3. To liaise with subject teachers to support the academic and social needs of the students.
4. To help students to learn to deal with challenges (such as perfectionism, imposter syndrome, anxiety, stress, self-esteem issues, overexcitabilities and hypersensitivities) and to help develop skills such as resilience, improved executive functioning and organization and leadership skills.

Application Process:

To apply to join the Gifted and Talented Ako Group at Wairarapa College or for more information, download the information booklet from the Wairarapa College website or contact j.brunskill@waicol.nz. Applications need to be received via email or dropped into the school office by Thursday 13 December 2018.

ICAS English 2018

<u>Merit</u> Luca Nielsen	<u>Credit</u> Holly Hancox Georgia Higinbottom Jasmine Liebenberg Zoe McInnes	

Harlequin Inter-Col Theatre Sports Competition

This annual competition took place late last term at Harlequin Theatre and we had three teams competing – a WaiCol on Stage team, a Year 10 team and a senior team. The Year 10 group came 2nd in their section and our Senior team, consisting of Jackson Burling, Brooke Robertson, Matt Sebire, Adrian Johnson and Anisha Satya, was placed 1st and was awarded the Harlequin Trophy. A great outcome for WaiCol Drama.

Second hand uniform

The school PTA is going to be selling second hand uniform! When your child finishes or out grows their school uniform, please consider donating them to us. This will help families with the growing expense of getting the correct uniform for their children. If you have any uniform suitable for donation please drop it into the school office.

Congratulations!

We congratulate Year 12 student, Jackson Burling, who has been selected as one of only 24 students nationwide who will visit The Globe, London in 2019 and perform Shakespeare's plays, as part of Young Shakespeare Company NZ.

After obtaining Direct Entry selection to the SCGNZ Sheilah Winn Festival at Queen's Birthday Weekend, Jackson was then chosen as one of 48 students to take part in the National Shakespeare in Schools Production week in Dunedin during the October holidays – an outstanding achievement in itself.

A couple of weeks after this, Jackson was thrilled to learn that he'd been selected as one of a 24 to travel to The Globe, London - such an exciting opportunity.

Library Books

As the year is coming to an end it is worthwhile reminding all students that they need to return their library books. It is time to take a look under beds, in the back of the car or out in the stables for those pesky wandering books!!!

If students would like to keep a book over the holidays, and they are returning to school next year, then they need to come to the Library and make an arrangement with the staff.

Thank you for your help with this.

HOCKEY COACHES WANTED!

Expressions of interest are sought for hockey coaches for the 2019 season, in particular the 1st XI Boys team. If you are interested, or know of anyone who might be, would you kindly contact me on 027 7731 776 or mvanwoerkom@waicol.nz.

- **Mike van Woerkom, Teacher i/c Hockey**

School holiday work

Kintyre Meats based in Gladstone is looking for a worker over the school holidays or a school leaver. Involves heavy lifting, basic time management skills & the ability to work as part of a team. Potential full time employment to the right candidate. Opportunity to gain truck licence. Applicants must have a current restricted licence to apply. Contact: Troy Goodin tgoodin72@gmail.com

Nutrition Guest Speaker in Year 11 Health

Year 11 Health are studying nutrition for their Health exam. Sarah Beesley, a local Functional Medicine Practitioner and Health Coach spoke to both Year 11 Health classes about nutrition, biochemistry and the effect that food has on our mind and body. In her first seminar Sarah talked about fats, sugars, insulin, protein, amino acids and the impact of different foods on the body. In her second seminar, Sarah introduced the students to healthy recipes, taught them how to read the label on food packages and showed the students what to eat, how much to eat and explained the reasons why. This was an extremely beneficial time for our students and we thank Sarah very much for giving up her time to come and share her knowledge and wisdom with us. More information about Sarah and nutrition can be found on her website:

<https://selfhealclinic.co.nz/>

If you would like to have some more nutritional information + recipes please email: elanser@waicol.nz

Sarah has also indicated that she would be happy to run a parent information evening on food and nutrition if there is enough interest in our parent community. Please contact myself on the e-mail above if you would be interested in attending a nutritional information evening.

- **Esther Lanser, PE/Health.**

Kapa Haka

We performed at the Wairarapa Kapa Haka Festival and it felt good to be able to perform there for the second time as Waicol's Kapa Haka group.

This year we hosted it and it was an honour to be able to give back to the other schools and the community by helping out with this event. Our kapa haka performed amazingly thanks to our tutors Manaia Riwai-Couch and Potiki Hikitapua-Gaunt.

Our tutors put a lot of work into the group, we had a few minor inconveniences but the tutors were able to focus us back into our work and we were able to come out of the year with two new songs written for us by our tutor.

A big thank you goes out to all the parents and teachers that supported us and a massive thanks to our Manaia and Potiki. Bring on next year!

Georgia Marsh, Year 12

Female Leader

Year 10 Taster Day

Year 10 Taster Day Friday 23rd November (8.40am-2.45pm)

There are 30 places available for Year 10's to sign up for a Careers Taster day at UCOL. The sign up sheet is at **Rm 62** and is filling fast. Students will be designated a variety of hands on workshops based around the Vocational Pathways.

BOYS FOOTBALL TOURNAMENT SUCCESS

The first week of September we went to Palmerston North for the Trident Trophy. We had 20 teams from around the country there and played two rounds of pool play. We won our first three games, highlighted by a strong win against Wanganui High School to give ourselves top seeding for the next round. Despite the weather and grounds being wet, we played the most attractive football of any team and again, won all three games to earn top spot in the semi finals. On Thursday afternoon, in a gale wind at Ashhurst Domain, we faced Wanganui again and edged them out 1 nil, in a very tense game.

Friday had arrived and we were in the final, the last game of the week, 1pm kick off at Massey University against Rosehill College, a large school from Auckland. Because I was able to give all players in the squad time off during the week, we were fully fit and ready to go. They were much bigger than us physically, so we knew it would be a battle. We conceded a goal in the first half and for the first time all week, were down at halftime. We took our chance to level into the second half and then headed to extra time and eventually penalties to decide the winner.

This is not a nice way to win or lose a tournament. There was a huge crowd of WaiCol parents and the Netball girls along with others who supported us vocally throughout the final. We scored our first four kicks and it came down to our keeper making the vital final save for us to win.

There was a huge celebration for the team and supporters and a massive sigh of relief from the coach. I knew we could do it and everything just seemed to line up for us that week, so we were all pretty happy with the outcome.

- Aaron Perkins, Assistant Principal.

Congratulations Wairarapa College Girls' 1st XI!

The Wairarapa College Girls' 1st XI Cricket Team competed at the Central Districts Finals on 31 October in Palmerston North. The tournament was made up of the four strongest teams from Hawkes Bay, Taranaki, Manawatu and Wairarapa.

Wairarapa College Girls' played Palmerston North Girls' High school in the first game. Captain Caitlin Elliott won the toss and elected to bat first. Waicol were in trouble at 19/4 when Olivia Roseingrave came in and carried her bat for an extremely patient and valuable 17 off 35. She was well supported by Amy Fitzgerald (15 off 18) and Annissa Greenless (13 off 14). Sian Wheeler finished off the innings with a quickfire 6 from 5 as the girls ended up on 93 for 8. Olivia and Annissa were the pick of the bowlers snaring 1-9 and 0-11 off their 4 overs respectively. Palmerston North Girls' High School only managed to get to 85 for 3 in their 20 overs.

The final to determine the place at Nationals was played against Napier Girls' High School. Losing the toss, Waicol were asked to bat and made a more solid start with openers Caitlin Elliott top scoring with 23 and Kayarna Jones-Dennes 21. Useful contributions from all-rounders Ella Southey (9) and Jessica Roseingrave (9) helped Waicol to reach 83 for 8 in their 20 overs. An impressive bowling and fielding display from the girls meant they restricted Napier Girls' to 80 for 8 in their 20 overs.

Olivia Roseingrave led the way with the ball ending with figures of 1-12 off 4 overs including bowling the last over in which Napier needed 8 runs to win the game. She was well supported by Ella Southey who bowled an economical spell with figures of 0-9 off 4. Jessica Roseingrave was outstanding in the field with 2 crucial direct hit run outs.

They have now qualified to travel to Christchurch in December to compete at the National Finals against the top five schools in the country. This is a significant achievement and we wish the team the best of luck for the finals in December!

Team: Caitlin Elliot (Captain), Olivia Roseingrave (Vice-Captain), Annissa Greenless, Tahlia Jones-Dennes, Amy Fitzgerald, Ella Southey, Kayarna Jones-Dennes, Olivia Horsbrugh, Charlize Carson-Butler, Jessica Roseingrave, Sian Wheeler, Belle Clark and Eva Wootton, **Coach:** Esther Lanser, **Manager:** Beth Pottinger

CONGRATULATIONS!

Congratulations to former students Megan Hull and Dane Lett. Megan and Dane were both selected for the Black Sticks National Hockey Squad for 2019. Dane was also a member of the NZ Black Sticks team which won a silver medal at this year's Commonwealth Games. We wish Megan and Dane all the best for the 2019 season.

Trades Academy 2018

This year 38 students enrolled in a Trades Academy outside of the school curriculum. 31 students completed the courses.

UCOL and Taratahi offered Level 2 and 3 courses, Dual Pathway 3:2 (Three days at school and two days at course). Dual Pathways meant they could gain a 60 credit NZ Certificate qualification at either Level 2 or 3.

The Dual Pathway at Taratahi was Level 3 Vehicle and Machinery and at UCOL NZ Certificate Level 3 in Early Childhood or Level 2 Salon Support.

Level 2 courses were one day/week in a career focused area. The selections at UCOL ranged from Automotive, Hair and Beauty, Hospitality, Business Admin, Health and Applied Design. At Taratahi farm skills and agriculture.

At the 2018 UCOL Prize Giving for Trades Academy, students Joshua Player was awarded "Outstanding" Hospitality student and Savannah Jones-Codde gained a "Dedication" Award in the Veterinary area.

The Dual Pathways students graduate in March 2019 with the other UCOL students.

Calling all seasonal workers for the 2018 honey season

Oha Honey is looking for positive and energetic people to join their crew to get honey from frame to drum, during their extraction season Dec 2018—April 2019. Or part thereof if you are returning to studies.

Being part of the crew would mean working flexible hours including weekends and evenings and who are not afraid of a physical day.

Oha Honey's ideal extraction worker is:

- Not allergic to bees as there will be plenty around
- Mechanically minded
- Physically fit and able to spend the day standing
- Be able to work as part of a team
- Can pass a pre-employment drug test

To submit your CV and covering letter or to find out further information, please contact Chelsea at: Chelsea@ohahoney.com

Gateway 2018

A total of 49 students were placed in work this year through the Gateway programme. This is a funded programme in partnership with The Tertiary Commission, employers, schools and students.

Students completed a number of Health and Safety qualifications before they began their placement and some students recently completed a Height Safety course.

This year we had a large number of students in the building industry. A group of four boys worked with Wairarapa Bush Rugby teaching primary school students "Rippa Rugby" around the Wairarapa. Retail is another growth area as well as automotive, apiarists and early childhood placements to name a few.

Most students began work experience in Term One and the majority continued until the end of Term Three. This is a massive commitment on the part of employers and their staff, and we really appreciate the time they devote to our students.

Several apprenticeships have been secured through these work placements, while other Gateway students will take up tertiary studies, or have found full-time employment.

We would sincerely like to thank the generous employers who supported the college in this way.

Beth Pottinger
Gateway
