

WAIRARAPA COLLEGE - 11 DIGITAL TECHNOLOGY ASSESSMENT DUE DATES

YEAR	ASSESSMENT	TERM	DUE DATE
11	AS 91880_1.4 Develop a digital media outcome Build a website	1	March 28
	AS 91883_1.7 Develop a computer programme Coding a program in Python	3	August 8
	AS 91884_1.8 Use basic iterative processes to develop a digital outcome Developing an algorithm through trailing and testing.		
	AS 91886_1.10 Demonstrate understanding of Human Computer Interaction HCI report	3	Sept 24
12	AS 91371_2.44 Demonstrate understanding of advanced concepts from computer science. Report	1	April 4
	AS 91370_2.43 Implement advanced procedures to produce a specified digital media outcome Build a responsive website	2	May 31
	AS 91372_2.45 Construct a plan for an advanced computer program for a specified task Develop an algorithm for a program and test it.	3	August 1
	AS 91373_2.46 Construct an advanced computer program for a specified task Code a program in Python		
	AS 91368_2.41 Implement advanced procedures to produce a specified digital information outcome with dynamically linked data. Build a database	3	Sept 24
13	AS 91636_3.44 Demonstrate understanding of areas of computer science. 10 Page report	1	March 28
	AS 91633_3.43 Implement complex procedures to develop a relational database embedded in a specific digital outcome. Build a responsive website	2	May 25
	AS 91637_3.46 Develop a complex computer program for a specified task Code a program in Python	3	August 3
	AS 91633_3.41 Implement complex procedures to develop a relational database embedded in a specific digital outcome. Build a database	3	September 24
